

ARIZONA WOODTURNERS ASSOCIATION -- PRESIDENT'S MESSAGE -- JUNE 2017

Okay, yes it is already June, and yes, it is Hot, Hot, Hot.

Well, I will not be running the June meeting, as I will be attending the American Association of Woodturners Symposium in Kansas City. Ken Northern, our Vice President, will be conducting the meeting.

The demonstrator for June will be Brian Mason. You do not want to miss this one. Brian has a unique way of combining copper and wood.

The President's Challenge for June's meeting will be any type of bowl. Hopefully, you can sneak out early in the morning and turn a bowl before it gets too hot. We have to go into our summer mode, turn early, stay hydrated, and be safe.

Thanks, have a Great Day, and see you in July.

Jim McCleary
President, Arizona Woodturners Association
