

## ARIZONA WOODTURNERS ASSOCIATION -- PRESIDENT'S MESSAGE -- SEPT. 2017

Yes that's right, another month has crept up on us. We will be Ho-Ho-Ho-ing before you know it.

At our September meeting, Ken Northern will be demonstrating how to core bowl blanks, and making a salad bowl.

The President's Challenge for September is a bowl or a box with inlays or embellishments on or in it.

We are still looking for volunteers to demo and help at the Arizona State Fair for Friday, Saturday, and Sunday for the month of October. Please contact Ken Northern if you're interested in signing up. I also encourage you to enter projects into the state fair. It is good advertisement for our club and it will let you know what people think of your work.

Please let us know by next meeting if you are interested and getting on the list for the bulk Anchor Seal purchase. We want to get the drum ordered soon as possible.

If you are American Association of Woodturners member, do not forget to go onto their website and vote for their board members. We are members of that association also, so we want the right people in those positions that will do a great job for us.

Okay, hang in there; the cooler weather is coming, I hope. I know that I am ready for it.

So be safe, turn when you can, and see you at the meeting Saturday, September 16th @ 12:00.

Jim McCleary  
President, Arizona Woodturners Association
